

# Setup Wizzard by CP autosport

Setup Wheels incl. vehicle specific wheel adapters and stands

Toe angle measurement via laser

Measuring platform incl. weight measurement and data processing

Camber angle measurement via inclinometer

# Module Pro | Module Basic plus | Module Basic | Module Easy

Ruler for track width measurement

Netbook incl. measuring and data processing software

Flightcase

Height gauge

Laser leveller incl. stand

## Scope of supply:

- Setup Wheels incl. vehicle specific wheel adapters and stands
- Support platforms (own wheel load scales required)
- Measurement of toe angle via laser
- Ruler for track width measurement
- Height gauge

## Scope of supply:

- Setup Wheels incl. vehicle specific wheel adapters and stands
- Support platforms
- Measurement of toe angle via laser
- Rule for track width measurement

## Scope of supply:

- Setup Wheels incl. vehicle specific wheel adapters and stands
- Support platforms
- Rule for toe angle measurement via batter board
